Independent Auditors' Report

To the Stockholder of Indian Seamless, Inc.

We have audited the accompanying balance sheets of Indian Seamless, Inc. (the "Company") as of March 31, 2017 and 2016 and the related statements of income and accumulated deficit and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Indian Seamless, Inc as of March 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these financial statements.

1. Organization

Indian Seamless, Inc. ("ISI" or the "Company") commenced operations on April 2, 2001 as a wholly owned subsidiary of Indian Seamless Enterprises Limited, a foreign entity. Effective June 13, 2012, the Company became a wholly owned subsidiary of ISMT Limited, a foreign entity. ISI acts as a distributor for the products of ISMT Limited and sells wide spectrum of seamless tube products and a hands-on level of service for the diverse North American marketplace serving a range of industries including automotive, drilling, OCTG, bearings, mechanical, pressure tubes and heat exchangers.

2. Summary of Accounting Policies

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash balances which are maintained financial institutions are insured by the Federal Deposit Insurance Corporation ("FDIC"). At various times throughout the year, the Company's cash balances exceeded the FDIC limit. As of March 31, 2017, the Company has no cash account balances in excess of the amount insured by the FDIC.

Accounts Receivable

Accounts receivable consist of trade receivables recorded at original invoice amount, less an estimated allowance for uncollectible accounts. Trade credit is generally extended on a short-term basis; thus trade receivables do not bear interest, although a finance charge may be applied to receivables that are past due. Trade receivables that are deemed uncollectible are offset against the allowance for doubtful accounts. The Company generally does not require collateral for trade receivables. The Company exclusively sells the merchandise of its parent company, ISMT Limited. The uncollectible receivables due to product quality issues are passed on to parent company and offset against the payable to parent company. Such uncollectible receivables amounted to \$40,969 and \$649,838 during the years ended March 31, 2017 and 2016, respectively.

Inventories

Inventories, which consist of finished goods, are stated at the lower of cost or market. Cost is determined by the first-in, first-out ("FIFO") method. The Company reviews its inventory levels in order to identify slow-moving merchandise and establishes a reserve for such merchandise. Inventory reserves are established based on historical data and management's best estimate. Inventory may be marked down below cost if management determines that the inventory stock will not sell at its currently marked price.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Deferred income taxes are recognized for the tax consequences in future years of differences between financial reporting and income tax bases of assets and liabilities at each year-end using enacted laws and statutory tax rates applicable to the periods in which the differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Authoritative guidance relating to uncertainty in income taxes prescribes a comprehensive model for the manner in which a company should recognize, measure, present and disclose in its financial statements all material uncertain tax positions that they have taken or expect to take on a tax return. As of March 31, 2017 and 2016, the Company had no uncertain tax positions which affected its financial position and its results of operations or its cash flows, and will continue to evaluate for uncertain tax positions in the future. Generally, the Company's U.S. tax returns are subject to examination by Federal, state and local authorities for a period of three years from the later of the due date of such returns or the actual date the returns were filed. In the event that the Company concludes that it is subject to interest and/or penalties arising from uncertain tax positions, the Company will present interest and penalties as a component of income taxes. No amounts of income as of and for the years ended March 31, 2017 and 2016.

3. Related Party Transaction

The Company purchases its entire merchandise from an affiliate. As of March 31, 2017 and 2016, balance outstanding to this affiliate was \$130,236 and \$1,059,455, respectively and included in accounts payable in the accompanying balance sheets.

4. Income Taxes

The income tax (benefit) / expense consist of the following for the years ended March 31:

		2017		2016
Federal income tax	\$	-	\$	-
State income tax	<u>\$</u>	657	<u>\$</u>	958
	\$	657	<u>\$</u>	

At March 31, 2017, the Company had approximately \$188,000 available net operating loss to carry forward.

5. Concentrations

Major Customers

Sales to three customers accounted for approximately 94% and 69% of net sales for the years ended March 31, 2017 and 2016, respectively. At March 31, 2017, no amounts were due from these customers. At March 31, 2016, the amounts due from these customers were approximately 30% of accounts receivable.

Major Supplier

Entire purchases for the years ended March 31, 2017 and 2016 were made from an affiliate company.

6. Subsequent Events

In preparing these financial statements, the Company has evaluated subsequent events through May 12, 2017, which is the date the financial statement were available to be issued.
